

GroPAL Balance O-F

with

<u>Guaranteed Analysis:</u>	
0 - 0 - 1.2	
Soluble Potash (K ₂ O)	1.2%
Magnesium (Mg)	3.0%
Sulfur (S)	0.9%
Sodium (Na)	0.8%
Chloride (Cl)	10.0%
Derived From: Potassium Sulfate, Potassium Chloride, Magnesium Chloride and Sodium Chloride, Humic Acids	

DIRECTIONS: Broadcast in a 10 gal./acre tank mix, or enough water for good foliar coverage. Or add 1 Tablespoon GPB-O-F per gallon water and wet leaves.

For best results, apply GroPal Balance O for the soil before applying this product.

GroPal Balance O-F is for organic foliar applications.

Apply 2 to 3 quarts per acre, one to three times a growing season.

Row crops, apply 2 to 4 weeks post emergence and again when plants begin to fruit. For grass and alfalfa, first use GPB-O, then apply GPB-O-F 7 to 10 days after each cutting. GPB-O-F may be used with herbicides.

Please store out of direct sunlight in temperatures below 120°, preferably below 100°.

AG-USA makes no warranties of any kind, express or implied with respect to GroPal Balance O-F. When applied as directed: This product meets the guidelines for metals adopted by the Association of American Plant Food Control Officials. Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.htm>
