

MycorrPlus™ O-F

MycorrPlus is the new name for **GroPAL Balance™**

Guaranteed Analysis:

0 – 0 – 1.2

Soluble Potash (K ₂ O)	1.2%
Magnesium (Mg)	3.0%
Sodium (Na)	0.8%
Chloride (Cl)	10.0%

Derived From: Potassium Sulfate, Potassium Chloride, Magnesium Chloride and Sodium Chloride.

DIRECTIONS: Broadcast in a 10 gal./acre tank mix, or enough water for good foliar coverage. Or add 4 tsp. MycorrPlus O-F per gallon water and wet leaves.

For best results, apply MycorrPlus-O for the soil before applying this product.

MycorrPlus O-F is for organic foliar applications.

Topdress 2 to 3 quarts per acre, one to three times a growing season. Row crops, apply 2 to 4 weeks post emergence and again when plants begin to fruit. For grass and alfalfa hay, first use MycorrPlus-O, then apply MycorrPlus O-F 7 when there's enough leaf (7 to 10 days after each cutting).

Please open right away and leave lid loose in storage to allow venting

Five-year shelf life if stored above 0° F, below 100° F and out of direct sunlight.

AG-USA makes no warranties of any kind, express or implied with respect to MycorrPlus O-F. When applied as directed: This product meets the guidelines for metals adopted by the Association of American Plant Food Control Officials. Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.htm>
